META-BEAST™/STORM WING™
BUILD | BATTLE | XEVOLVE

To build your most powerful STORM WING warrior, first snap the hip piece onto the chest piece. Then YOU DECIDE which weapons, armor, and body parts to add on!
HINT: As you build, it may be easier to assemble the arms and legs before you snap them into the figure's torso.

TO ASSEMBLE PARTS:
Snap the ball into the widest part of the socket as shown.

TO DISASSEMBLE PARTS:
Bend at joint and pop ball out of socket. (Easier than pulling straight out!)
